AnewAmerica is thrilled to announce that 16 new Americans - immigrants, refugees, and new citizens - will graduate from the Business Plan Basics for Micro-Entrepreneurs Course offered by AnewAmerica in the City of Richmond. This is AnewAmerica's first group of graduating microentrepreneurs who are based in Richmond and they represent AnewAmerica's commitment to bringing its unique economic empowerment model to the larger Richmond community. To celebrate the achievement of our graduates, we are holding a reception in their honor prior to their formal graduation at Holy Names University on October 29th.
